I have a passion for the Welsh Pony, for its beauty, versatility, trainability and a desire to preserve the purity of the Breed. I genuinely desire to give back to Welsh pony enthusiasts my knowledge of breeding and sport. I am available to judge or give clinics on showmanship and breeding.

Biography: I bought my first Welsh Pony in 1967, a mare in foal. In 1969, I showed the two-year-old filly at the Royal Winter Fair. That year I also met Darlene and we married in 1971. We have continued to improve our Welsh Ponies by travelling to Wales in the UK, visiting many top breeders and purchasing our future breeding stock of mares and stallions. We have attended the Royal Welsh Show with our American friends and visited many breeders, advising them what to purchase. We have owned Section A and Bs and produced Sections C and Ds for clients. I enjoyed showing on line and I did carriage driving, winning many awards in Canada and US.

Biography: I have always had Welsh Ponies in my life. My first Welsh was Shadywind Sherwin, a Grey Section B Gelding. Since him, my love for the Welsh has only grown. I started breeding

Welsh in 2012 and have bred A, B, C, D's and Half Welsh over the years. I have been honoured to have three of our Cobs win Supreme Champion at RAWF.

Along with my breeding program, I am very passionate about performance. I compete myself in riding and driving along with coaching my students. I am also an Equestrian Canada certified coach, and I am up-to-date with my first aid training.

I've always been lucky to have parents that would let me pursue anything in the horse world. That being said, I have a background in the Trillium and A Circuit in Ontario, along with showing Quarter Horses and helping friends show their draft horses. I also regularly judge All-Around All Breeds shows in Ontario.
